

VERSATILE CONTROL... Works both as a defoamer as well as an anti-foam. Reduces problems which may cause inefficiency in cleaning procedures. Increases productivity.

CONCENTRATED... As little as one ounce per five gallons of recovery can provide effective control in auto scrubbers, extraction machines and wet vacs.

FOR USE ON HARD, NON-POROUS SURFACES... This product deposits a silicone shield, enhances gloss, and allows objects to slide easier across hard, non-porous surfaces such as formica, vinyl, counter and table tops, conveyor belts, and ramps. Lightly mist surface and wipe dry. Never apply to floors.

**THE
NEXT LEVEL**
in CLEANING & MAINTENANCE

DIRECTIONS:

Add one ounce of defoamer per 5 gallons capacity to recovery tank of wet vacuums, carpet extraction equipment and automatic scrubbers. For additional control, dilute 50:50 and spray inside wall of recovery hoses. If necessary, this solution may be sprayed directly on foam for removal.

SAFETY DATA:

CAUTION: May cause eye irritation. Keep out of reach of children.

PRACTICAL TREATMENT:

Eye Contact – Flush with water for 15 minutes. If irritation persists, get medical attention. **Other contact** – Wash with soap and water.

CONTAINS: Water CAS# [7732-18-5], Siloxane CAS# [63148-62-9]
