

**ELIMINATES NEED FOR MACHINE SCRUBBING...** A new, innovative, deep penetrating stripper that needs no machine scrubbing. Simple mop agitation dissolves the toughest metal interlock finishes, permitting fast pick-up with mop or wet vac.

**ELIMINATES RINSING...** No neutralizing rinse is necessary as the remaining alkaline actually evaporates, leaving the floor neutral and ready for a new application of floor finish.

**SAVES TIME AND LABOR...** Since 90% of most stripping tasks are labor, this product can cut costs dramatically. Overall stripping time may actually be cut in half.
