

Formulated without oils or petroleum distillates, this non-flammable, aqueous solution efficiently treats any dust mop for superb dust pick-up and retention. Properly treated mops do not leave residue and will not affect high gloss floor finishes. Treatment may be removed from mops by normal laundering. Cotton, rayon or blended yarn compatible.

DIRECTIONS FOR USE:

Spray treatment on dust mop at rate of 1/2 to 1 ounce per six inch length of mop. Allow to air dry. Launder mops periodically, as required by soil conditions. Launder all previously treated oil mops before applying a water based mop treatment.

SAFETY DATA

CAUTION May cause irritation of skin, eyes or respiratory tract. Use in well ventilated area. Rubber gloves and eye protection should be worn while treating mop heads. Do not spray near heat, sparks or open flame.

Manufactured By:

CANBERRA CORPORATION
3610 Holland-Sylvania Rd.
Toledo, Ohio 43615

CONTAINS: Water CAS# 7732-18-5, Isopropanol CAS# 67-63-0, Glycol Ether CAS# 112-34-5.
