

Two powerful environmentally preferable technologies were combined to create this dynamic multi-purpose cleaner. Designed to whiten, brighten, and deodorize in harsh environments. Removes a host of soils from both hard and soft surfaces including floors, walls, tile, grout, color-fast fabrics, wood, upholstery, stainless steel, and more. Natural citrus solvents solubilize and saponify petroleum, greases, and organics. Our own pure, ultra refined HyPOX-7 Oxidizer® provides color-safe deodorization and unparalleled spot removal. This robust formula will clean and reduce slip hazards on greasy kitchen floors, destroy odors, remove carpet stains and provide hundreds of effective cleaning alternatives.
